

# NCDHA SPONSORED PPE DRIVE

Amid the Coronavirus outbreak, healthcare workers across the United States are on the front lines trying to treat patients while protecting themselves. However, as the number of coronavirus cases multiplies across the country, hospitals are saying it is becoming increasingly difficult to maintain their supplies of masks, gowns and gloves. We as oral health professionals can help our medical colleagues during this time, by donating the needed PPE supplies. Below are some suggested items for donation:

- Masks (ALL LEVELS)
- Nitrile Gloves (ALL SIZES)
- Isolation Gowns (ALL SIZES)
- Face Shields
- Protective EyeWear
- Scrub Caps/Disposable Bouffants
- Booties

For contactless pick up, drop off or to mail, please contact NCDHA President, Heather Edly at [hedlyncdha@gmail.com](mailto:hedlyncdha@gmail.com)
